DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-5 are rejected under 35 U.S.C. 102(b) as being anticipated by GB 1,082,988

As to claims 1 and 5, GB '988 disclose a mold for continuous casting comprising cooling channels, such as cooling bores, in the side of the mold. The varyingly geometric design of the heat transfer surface areas of a cooling channel are adapted in shape, cross-sectional area, to the local development of the heat flux density in the casting operation. The effective heat exchange surfaces on the base of the channel can be increased or decreased, to influence the local cooling intensity (figures).

As to claim 2, wherein grooves (section at 10) additionally introduced to increase heat exchange surfaces in the cooling channels.

As to claim 3, the cooling channels are altered as shown in the figure to influence cooling intensity.

Art Unit: 1725

As to claim 4, grooves are produced in the base as shown in figures to promote cooling intensity.

Response to Arguments

3. Applicant's arguments with respect to claims 1-5 have been considered but are moot in view of the new ground(s) of rejection.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
